

The map is scalable to allow you to target a larger area or a more tailored local view. See below for a sample page of the Red Light and Speed Cameras. We hope this will help you drive safely. <https://www.photoenforced.com/ny.html>

The screenshot shows a web browser window displaying the 'photoenforced.com' website. The page title is 'New York City Photo Enforced Cameras Map (Red Lights, Speed, Toll & Live DOT Traffic Cameras)'. The map shows various camera locations across the New York City area, color-coded by type. A sidebar on the right allows filtering camera types.
