

Douglaston/Little Neck Library will close starting Friday, July 3, 2026 for construction of a new building.

**The last day of public service will be
Thursday, July 2, 2026.**

We expect to reopen in Summer 2030.

The project will replace the existing branch with a new, 12,000-square-foot facility. It will feature two stories plus a lower level, designated areas for children, teens and adults, meeting rooms, an outdoor garden and more. It will be a LEED Gold Green Building, including photovoltaic panels, a green roof, and natural light throughout the branch.

**Mobile library service at Douglaston/Little Neck Library
will be available on Fridays, starting July 17, 10am–5pm, and
continue through the duration of the project.**
